

West Overton Village and Museums

CARSON'S

109 West Overton Rd.
Scottsdale, Pennsylvania 15683

The West Overton Village and Museums offers two unique and distinct rooms for parties and weddings in a 19th century historic village. Built in 1832 and renovated in 1996, West Overton's Big Brick Barn is 5 1/2 stories tall and has approximately 5000 square feet, making it the largest brick barn in the entire state of Pennsylvania. The Old Farm Distillery (Overholt Room) was built in 1859. The room features partially exposed brick walls, entertainment stage, a fully equipped kitchen, and is also climate controlled. West Overton Museums also offers a beautiful lawn/garden area perfect for ceremonies.

Carson's ensures the highest quality of food as well as excellent service. This is in an effort to make your special day one you will never forget!

West Overton Village is located outside of Scottdale, just minutes from Route 119, Route 70 and the New Stanton Interchange of the Pennsylvania Turnpike.

Rates include the following:

Access to the West Overton Village and Museums at 7:00 AM until midnight the day of your wedding.

Set up and clean up.

The venue is handicapped accessible.

Clients are permitted to bring in alcoholic beverages, which results in incredible savings! Carson's also offers bar services.

My husband and I just got married at West Overton; the arranged caterers there are Carson's Premier Catering. We had a wonderful time! We had stations (sliders, Pittsburgh-themed, mac & cheese, and comfort food) - I can't count how many people complimented our food. Almost two weeks later people are still talking about the food and the unique setup! We worked with Beulah as our captain and had a great experience. Also wonderful experiences with Tim Carson and his son Steven. Everything we requested they pretty much said "It's fine" and it was! Tim even stopped by at the end of the wedding to check on things, which I thought was really thoughtful. We went in the next day to clean up, and there was even a gift basket in the barn for us with wine glasses, bottle of wine, candle, etc....such a nice touch! I only have one regret - I should have been more laid back I think. I got worried a few times that things wouldn't work out, and did a lot of calling to verify and email verification. In hindsight, I wish I would have just kept in mind that Carson's does this ALL the time - they pulled everything off without a hitch! After our entrance, we weren't 100% sure how to get food to bridal party, that was a little confusing, but as far as my husband and I, Steven was thoughtful enough to make plates for us and bring them to the table. We had a wonderful time and Carson's played a big part in that!

I used Carson's catering, bar services, and West Overton Barn reception hall for my September 5th wedding. Everything was absolutely wonderful. I can not say enough about them. They were extremely helpful with my other vendors and giving directions for them to complete our day. I have been to weddings before where bartenders were slow and ignorant to guests and Carson's services were the complete opposite. Not only their bartenders but their servers were fast, respectful, and extremely courteous to guests. I honestly felt like the staff at Carson's were just more guests at the wedding with how well they interacted with everyone. Their quality and their price is the best we could find and I do not regret anything about using their services. I will recommend their services and reception halls to anyone that I know. Best services I have ever seen at a wedding being completely unbiased since it was my special day. Two words: CALL THEM!
