STONEHENGE LODGE

is nestled in the scenic Laurel Highlands. The Lodge has two stone fireplaces, oak wood floors and ceiling, and a full length veranda overlooking the freshwater pond. The Lodge also features beautifully landscaped grounds that would serve as the ideal ceremony and photo site. The Lodge is climate controlled and can accommodate 225 guests.

The Stonehenge Lodge is located between Donegal and Ligonier, with hotels available in both towns for guests needing overnight accommodations.

Nature meets elegance at this remote woodland lodge. The kind of event venue that you can dress up with pearls and diamonds or dress down with jeans and cowboy boots. This picturesque multi level stone and log lodge served as a perfect wedding venue; outdoor ceremony by the pine tree lined lillypad lake, covered porch for 3 season bar and buffet, large dining room and dance floor combo. Adjacent grounds were filled with tables and chairs for mingling and schmoozing. Overall, this was a lovely and memorable venue. Once we actually found it, navigation was not our friend, we enjoyed hours of celebration and joy.
